### Reports –

- **Transport Troy** (Pam) – Uncle Sam Trail downtown portion and “promenade” under construction. May be finished this year or spring 2020 at the latest. Path around the bar-b-que restaurant developed (this is currently a pedestrian-cycling bottleneck). Collar City Ramble is all set – many events and modes.
  - **BikeAlbanyMap Enhancements and Crossing Routes** (Glenn – with post-meeting updates) – The BikeAlbanyMap now reaches beyond the city limits on its way to being a regional, interactive route finder for visitors and traffic-cautious riders. We added 12 new routes so far in 2019. We discussed two options for accessing the Town of Colonie Crossings Park from the City of Albany. The Crossings is a key recreational destination with extensive facilities. Both routes have their merits and are added to the map. Both routes begin at Six Mile Waterworks Park: the west route ends at Ciccotti Center Recreation Center (<https://www.ciccotticenter.org/>) and the east route ends at the far eastern multiuse path at Maria Dr. In each case, while there are hazardous crossings at Central Ave., they are highlighted by "caution" triangle icons (merely click on icons to see detailed safety instructions). While we recognize that heavy traffic routes can serve as barriers for people on bicycles, we also believe that there are safe methods for crossing these barriers to expand one’s riding horizons.
  - Recent additions include:
    - **Rt 378 Bridge into South Troy** – Bike lanes, cycle tracks, and shared lanes to downtown Troy and Uncle Sam trail to Lansingburgh.
    - **Rt 32 from Mohawk Hudson Trail and North to Bike Path Over Black Bridge** – To Peebles Island.
    - **From Green Island to Cohoes** – Terminus of Mohawk Hudson Bike Hike Trail.
    - **Delmar Bike Routes** – Winnie Rd., Darroch Rd., bike path around high school. Connects north to Orchard St. route to Five Rivers.
    - **Bethlehem Library to Henry Hudson Town Park on Hudson River** – Murray Ave., various local streets, Wemple Rd., Weisheit Rd., Clapper Rd. (total distance 10 miles).
    - **Sidewalks Are Now Shown As Brown Dotted Lines** (walk bikes where mandated and yield to pedestrians) – Sidewalks must be used when bikes are not permitted in automobile lanes and no bicycle path exists (e.g., Dunn Memorial Bridge; Rt. 378 Troy-Menands bridge), or when high-speed roadways are unsafe (Central Ave. on route to The Crossings).
    - **Ten Restroom Icons Have Been Added To The Map** – Point out facilities in public parks and visitor centers.

- **Business Items –**

- **Slow Roll Albany** (Mark) – We were pleased to have **Barbara** join us as a spokesperson for Buffalo Slow Roll. Features of this ride include the following: first held in 2013, now sponsored under GoBike Buffalo (<https://gobikebuffalo.org/> ), held weekly on Mondays until October from 6:30-8:30, different route each time, entertainment and “meet up” afterwards, 2,000 riders, provisions for visually impaired (“ride buddies”), not all riders are from Buffalo proper, many different types of bicycles, 10 uniformed police escort riders/cars, 40 volunteers, bike shop tech support (air/tires, minor adjustments). We were not clear on who finances the police presence although it appears that there is substantial municipal support for this ride. Enthusiasm is such that 87 riders showed up and rode during a torrential downpour (photos shown). Lengthy discussion followed with an eye toward initiating Slow Roll in the capital region. Mark will follow-up with the Slow Roll Buffalo manager. Slow Roll URL is – <https://slowrollbuffalo.org/>
- **Western Ave. Traffic Calming** – (All) Discussion postponed until Augusts.
- **Ride Around Cohoes** (All) – We agreed that Lorenz would re-negotiate as a 2020 event. (Robyn King, Deputy Director of Economic Development and Planning, City of Cohoes, 97 Mohawk Street, Cohoes, NY 12047, 518-233-2130 ext. 130, [rreynolds@ci.cohoes.ny.us](mailto:rreynolds@ci.cohoes.ny.us), Ride would involve a major site in Cohoes, a visit to the Bike Barn, and tour of Erie Canal sites.
- **Flyover Signage** (Lorenz) – All are encouraged to visit site to check adequacy of signage. <https://albanybicyclecoalition.com/2019/06/23/bicycle-warning-signs-at-washington-ave-and-fuller-rd/>
